

DENTCOF RESEARCH POLICY REGARDING COOKIE MODULES

DENTCOF RESEARCH uses cookie modules in order to improve its services for you. Some cookie modules are essential for the operation of some services, other are useful for gathering information regarding the use of the website (statistics) in order for us to make the site better and more useful for you. Some cookie modules are temporary and shall disappear when you close the browser, other remain in the computer for a longer period of time.

Some cookie modules are necessary exclusively for the operation of the site, while others are used to improve your user activity and experience.

The cookie modules are used for:

- Remembering your connection details;
- The safety of the connection when you are connected;
- Ensure the unitary aspect of the site;
- Improve the website performance;
- Improve the experience of the user;
- To allow you to distribute and appreciate the content;

The cookie modules are used to improve the services, for example:

- Allow the operation of specific services such as payment which would not be possible without those cookie modules,;
- Allow a service to recognize your navigation device so that you do not have to enter the same information several time during an activity;
- Measure the method how the visitors use different services so that they can be easier to use, at the same time ensuring a sufficient capacity to make the services fast;
- Analyzes the information to help us understand how you use the online services in order to be able to improve them;

If you choose not to use the cookie module when you visit the site, some functions and pages do not work as expected.

If you want to delete the cookie modules from the computer, access the instructions in the menu of the browser used, by clicking the "Help" button.

More information about cookie modules and how to delete and control them you find on the www.aboutcookies.org site or clicking the "Help" button in the menu of the browser.

Are the cookie modules safe?

Although the cookies are stored in the memory of the computer of the Internet user, they cannot access/read other information in the respective computer. The cookies are not viruses.

They are just small text files; they are not compiled under the form of code and cannot be executed. Thus, they cannot copy themselves, cannot spread to other networks in order to generate actions and cannot be used to spread viruses.

Cookies cannot search information in the computer of the user but they store personal nature information. This information is not generated by the cookies, but by the user at the moment when he/she fills in online forms or uses electronic payment systems, etc. Although, generally the sensitive information is protected in order not to be accessed by unauthorized persons, it is still possible that such persons intercept the information communicated between the browser and the website.

You understand and agree that DENTCOF RESEARCH may gather and keep statistical and anonymous data, without identifying the persons visiting this Site.

When you visit the site, the web server automatically records data such as the name of your internet provider and the website you visit us from. These data are anonymous without existing any connection between them and your personal data.

For the improvement of your online navigation experience and in order to make sure that the service is relevant to your needs, the site uses cookie modules and Google Analytics web analysis service (belonging to Google Inc. company). Google Analytics gathers and processes statistical information in order to assess your use of the site and the elaboration of reports regarding the activity of the site. In order to gather this data, Google uses cookies, but the IP address sent by the browser from where you access the Site in Google Analytics shall not be linked to other data held by Google or by DENTCOF RESEARCH.

You may reject the use of cookies by deleting the cookie modules from the computer (access the instructions from the menu of the browser used, click on the Help button). If you choose not to use cookie modules when you visit the site, some functions and pages shall not function accordingly.

You may find more information regarding the cookie modules use policy in the DENTCOF RESEARCH Policy regarding the cookie modules.
